Academic Staff Contact Details

Subject Coordinator Contact Details

Your coordinator for Actuarial Practice and Control III is Richard Fitzherbert who will be conducting all of the classes.

Email: rmfi@unimelb.edu.au
Room: 320
Phone: please use e-mail only.

Email Protocol

Please note that we are only able to respond to student emails coming from a University email address. Please do not use personal email addresses such as Yahoo, Hotmail or even business email addresses. Emails from non-University email addresses may be filtered by the University’s spam filter, which means that we may not receive your email. All correspondence relating to this subject will only be sent to your University email address. Note that you must first activate your University email address before you can send or receive emails at that address. You can activate your email account at this link: http://accounts.unimelb.edu.au/.

While academic staff endeavor to address queries received via email, it is more appropriate to resolve substantive questions during lectures and tutorials and during normal consultation hours. With this in mind, we encourage students to attend all lectures and tutorials and to familiarise themselves with the consultation hours offered by the lecturers and tutors in this subject.

Course structure

The course consist of the online equivalent of three traditional one hour university classes per week which are a mixture of lectures, case studies and workshops.

The online material will be released via the LMS progressively over the semester in accordance with a schedule available on the LMS.

Exam Policy

The Faculty requires that you are available for the entire examination period. Supplementary exams will not be provided in cases of absence during the examination period, unless the absence is due to serious illness or other serious circumstances. See the Special Consideration web site for more information:
http://fbe.unimelb.edu.au/csc/assistance/special_consideration

The examination period for this semester is set out in the university academic calendar which can be found by searching for "Principal Dates" on the university homepage.

Plagiarism and Collusion

Presenting material from other sources without full acknowledgement (referred to as plagiarism) is heavily penalised. Penalties for plagiarism can include a mark of zero for the piece of assessment or a fail grade for the subject.

Plagiarism is the presentation by a student of an assignment identified as his or her own work even though it has been copied in whole or in part from another student’s work, or from any other source (e.g. published books, web-based materials or periodicals), without due acknowledgement in the text.

Collusion is the presentation by a student of an assignment as his or her own work when it is, in fact, the result (in whole or in part) of unauthorised collaboration with another person or persons. Both the student presenting the assignment and the student(s) willingly supplying unauthorised material are considered participants in the act of academic misconduct.

Penalties for Late Submission and Exceeding Word Limits

In order to ensure equality for all students, assignments must be completed within specified time limits. Late submissions will attract a marking penalty where approval for late submission has not been given.

Assignments that exceed word limits may also attract a marking penalty.

Special Consideration

Students who have been significantly affected by illness or other serious circumstances during the semester may be eligible to apply for Special Consideration.

The following website contains detailed information relating to who can apply for Special Consideration and the process for making an application:

http://fbe.unimelb.edu.au/csc/assistance/special_consideration

Referencing

All sources used for a written piece of assessment must be referenced. This is to acknowledge that your material is not based entirely on your own ideas, but is based, in part, on the ideas, information, and evidence of others. This is desirable as you are attending University in order to learn from others.

You will be required to use the APA system or Harvard System of referencing. The FBE Centre for Excellence in Learning and Teaching (CELT) has prepared a booklet for each system specifically to assist students to reference correctly. Each booklet contains many examples that will help you when preparing your assignments. The booklets can be found here:

http://fbe.unimelb.edu.au/__data/assets/pdf_file/0006/647583/Basic_referencing_APA_system.pdf and

It is important that all material you present for assessment is referenced correctly. Material that has not been referenced correctly may be considered to be plagiarised, and as such may be penalised. We will also look for evidence that material included in the bibliography has been used in the assignment. Including references that have not been used may also result in your assignment being penalised.
Other Subject Resources

Online Tutor

The Online Tutor allows you to direct questions to your tutor/lecturer via the LMS. The Online Tutor can be accessed 24 hours a day, 7 days a week. We will attempt to answer your question within two business days (e.g. by 5pm the following Tuesday for a question asked on a Friday).

Your questions and the answers can be accessed by all students in the subject, allowing everyone to benefit from the question and answer. Importantly, your identity will not be revealed to other students. Even if you don’t want to ask a question, you can still view existing questions and answers.

Note that the Online Tutor is not designed to replace attendance at classes, but rather to complement the tutorial process. Also, simple questions that can be answered by referring to the prescribed readings will not usually be answered. You can access the Online Tutor via the Online Tutor link, located in the navigation menu of this subject’s LMS page.

FBE Centre for Excellence in Learning and Teaching

The FBE Centre for Excellence in Learning and Teaching (CELT) provides services and resources to enhance your learning in Business and Economics.

Maximise your academic success by taking part in CELT services that develop:
